## TO WHOM IT MAY CONCERN

This is to certify that Mr. Nagaraju Alladi student of Vaagdevi Engineering College , Bachelor of Technology final year. Has successfully completed CISCO-Summer Internship Program in **Network Communication Environment** called "**CISCO Certified Network Associate(CCNA)**", for a period of 4 weeks with VEC-CISCO Networking Academy from 3rd June to 2nd July 2019.

As per our measurements and reporting structure he is hardworking and has been excellent during the training program.

In today's world, technical literacy is more important than ever, and CISCO is proud to provide you with the knowledge and skills necessary to build and maintain digital networks.

Keep up the great work and best wishes for continued future success.

Sincerely,

Chuck Robbins  
Chairman and Chief Executive Officer

Dear Nagaraju Alladi

I want to congratulate you on completing the Cisco® **CCNA Routing and Switching: Introduction to Networks** course as part of the Cisco Networking Academy® program. This hands-on, lab-oriented course has prepared you for tremendous career opportunities.

You have achieved student level credential for completing **CCNA Routing and Switching: Introduction to Networks**, and acquired the following capabilities:

- Explain network technologies.
- Explain how devices access local and remote network resources.
- Describe router hardware.
- Explain how switching operates in a small to medium-sized business network.
- Design an IP addressing scheme to provide network connectivity for a small to medium-sized business network.
- Configure initial settings on a network device.
- Implement basic network connectivity between devices.
- Configure monitoring tools available for small to medium-sized business networks.

In today's world, technical literacy is more important than ever, and Cisco is proud to provide you with the knowledge and skills necessary to build and maintain digital networks.

Keep up the great work and best wishes for continued future success.

Sincerely,

Chuck Robbins
